UMCO Leadership Event 2019

"Delight yourself in the Lord and He will give you the desires of your heart," Psalm 37:4

Processing Thoughts for Craig Groeschel Video:

- **1. Investing more has diminishing returns**. ~ There are times when additional expenditure of resources (time, money, equipment, etc.) doesn't add much more value.
- **2. GETMO** ~ Good Enough to Move On. Avoid limitations associated with making it "PERFECT."
- 3. **Bend the Curve** ~ Sometimes you can achieve more with less expenditure / investment, yielding a better result.
- **4. Thinking Inside the Box** ~ Sometimes solutions are already possible with existing resources. Limiting your choices based on existing constraints can at times produce desirable results.
- **5. "Burning the Ships"** ~ An "ALL IN" attitude of commitment can sometimes help drive teams to achieve what is desired.
- **6. "Stepping Out Of // Stepping Into"** ~ Create a personal practice that you can use to reduce fear and encourage confidence in your leadership.
