

# UMCO Leadership Development Event

---

## Discussion / Group Questions

1. Share with those in your group your initial reaction to the concept of investing less and getting more.
2. Identify and then talk about the factors most helpful to you and your team at church in determining when something is **Good Enough To Move On**.
3. In what area of your current church role(s) and church team role(s) is the pursuit of perfection limiting you and your team(s)?
4. Craig invites us to sometimes bend the curve by thinking inside the box. He explains that the time spent on making decisions can drain our energy while constraints can sometimes drive creativity. Write down a few ideas of constraints that you and your church team can use to drive creativity.
5. Identify a challenge in our church where the advice given by Craig could potentially be applied. (We are not asking for solutions tonight, just identify the challenge.)
6. Identify the ONE thing you can do to become a better church leader in the next 7 days.

***Everyone has Influence ~ Your Leadership Matters ~ You Matter!***

**13 November 2019 ~ 5:15 – 6:55 PM**
